SUMMARY

Highly skilled React Developer with 4 years of experience in developing and implementing front-end architectures that have resulted in significant increases in page load speed and user engagement. Proficient in collaborating with back-end teams to integrate user-facing elements with server-side logic, implementing automated testing platforms, and optimizing components for maximum performance. Adept at identifying and resolving performance and scalability issues, staying up-to-date with emerging technologies and frameworks, and reducing development time for new projects.

EXPERIENCE

Senior Frontend Developer

FrontEndGenius

04/2022 - Present

- Mentored junior developers while implementing cross-browser compatibility at the code level, resulting in a 50% increase in user satisfaction
- Increased product efficiency by 80%
- Developed and implemented a new responsive design framework, resulting in a 25% increase in mobile traffic and a 15% increase in overall user engagement.
- Collaborated with the UX team to create a new user interface for a key product, resulting in a 20% increase in user satisfaction scores.

Web Applications Developer

Lunar Labs

06/2021 - 04/2022

- Developed and maintained a suite of APIs and web services, resulting in a 30% increase in data accuracy and a 20% reduction in data processing times.
- Implemented A/B testing and user tracking to optimize website layouts and user flows, resulting in a 10% increase in conversion rates.
- Utilized source control, automation tools, and CI/CD processes to improve product life cycles and optimize production releases speed by 25%.
- Developed and executed front-end development strategies, resulting in a 15% increase in website performance.
- Collaborated with the UX team to optimize the user experience, resulting in a 15% increase in customer satisfaction scores.

Wen Developer

Phoenix Venture Partners

04/2020 - 06/2021

- Granted additional code review permissions after demonstrating strong attention to detail that led to a 25% decrease in code errors.
- Developed and maintained user interfaces using React.js, resulting in a 30% reduction in development time for new projects.
- Stayed up-to-date with emerging technologies and frameworks, resulting in a 20% increase in team efficiency and project success rate.
- Identified and resolved performance and scalability issues, resulting in a 50% increase in page load speed and a 20% increase in user engagement.

EDUCATION

Bachelor's Degree in Computer Science

University of Calgary - Calgary, Alberta, Canada

01/2015 - 12/2020

SKILLS

JavaScript | TypeScript | UI/UX Design | Version Control(Git) | PHP | React | Restful API | Automatic GUI Testing | Responsive Design

ADDITIONAL SKILLS

Agile Methodology
Proficient

Software Quality Analysis
Proficient

Software Design Pattern
Proficient

Test Driven Development
Advanced
